Math worksheets and visual curriculum Surface Area of Spheres and Hemispheres | Decimals Persuade students in grade 8 and high school to work their way through these pdfs for an ample practice in assigning the decimal dimensions in apt formulas to figure out the CSA of a sphere and TSA of a hemisphere. Here is a graphic preview for all of the Surface Area & Volume Worksheets. You can select different variables to customize these Surface Area & Volume Worksheets for your needs. The Surface Area & Volume Worksheets are randomly created and will never repeat so you have an endless supply of quality Surface Area & Volume Worksheets to use in the classroom or at home. We have identifying solid figures, surface area & volume of prisms and cylinders, surface area & volume of pyramids and cones, and surface area & volume of spheres for your use. Our Surface Area & Volume Worksheets are free to download, easy to use, and very flexible. These Surface Area & Volume Worksheets are a great resource for children in 5th, 6th Grade, 7th Grade, and 8th Grade. Click here for a Detailed Description of all the Surface Area & Volume Worksheets. Click the image to be taken to that Surface Area & Volume Worksheets. Surface Area and Volume Handout These Surface Area and Volume Handouts has useful definitions, facts, and formulas for cubes, rectangular prisms, general prisms, cylinders, pyramids, cones, and spheres. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Identify Solid Figures Worksheets These Surface Area and Volume Worksheets will produce twelve problems for identifying different types of solid figures. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms and Cylinders Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for prisms and cylinders. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms and Cylinders Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for prisms and cylinders. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms and Pyramids Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for prisms and pyramids. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms and Pyramids Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for prisms and pyramids. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Pyramids and Cones Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for pyramids and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Pyramids and Cones Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for pyramids and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Cylinders and Cones Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Cylinders and Cones Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms, Pyramids, Cylinders and Cones Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for prisms, pyramids, cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Prisms, Pyramids, Cylinders and Cones Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for prisms, pyramids, cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Spheres Surface Area and Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area and volume for spheres. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Pyramids and Cones Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for pyramids and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Pyramids and Cones Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for pyramids and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Cylinders and Cones Surface Area Worksheets These Surface Area and Volume Worksheets will produce problems for calculating surface area for cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Cylinders and Cones Volume Worksheets These Surface Area and Volume Worksheets will produce problems for calculating volume for cylinders and cones. You may select the units of measurement for each problem. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Similar Solids Worksheets These Surface Area and Volume Worksheets will produce problems for identifying and sketching similar solids. You can select the types of solids to work with. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Similar Solids Worksheets These Surface Area and Volume Worksheets will produce problems for identifying and sketching similar solids. You can select the types of solids to work with. These worksheets are a great resources for the 5th, 6th Grade, 7th Grade, 8th Grade, 9th Grade, and 10th Grade. Click here for More Geometry Worksheets Volume of a Sphere - Integers | Easy Navigate through this batch of printable volume of sphere worksheets presenting the radius measure as integers. Plug in the value in the formula $V = \frac{4}{3} \pi r^3$ and compute the volume of the spheres. Volume of a Sphere - Integers | Moderate Figure out the radius measure from the diameter and apply it to determine the volume of the spheres presented as 3D shapes and as word problems in these pdf worksheets for grade 8. Volume of a Sphere - Decimals | Easy The radius measure is expressed as a decimal. Compute the volume by substituting the radius and the value of pi. Round off your answers to two decimal places as well. Volume of a Sphere - Decimals | Moderate Know how to calculate the volume of spheres by dividing the radius by 2. Assign the values in the formula and compute the volume of the spheres presented as geometric figures and as real-life word problems. Volume of a Sphere and Hemisphere - Integers Hemisphere is the exact half of the sphere and the formula for the volume of a hemisphere is $V = \frac{2}{3} \pi r^3$. Find the volume of the spheres and hemispheres using appropriate formulas. Volume of a Sphere and Hemisphere - Decimals Find a mix of spheres and hemispheres in these printable 3D shapes worksheets. Compute the volume of the spheres and hemispheres using the given dimensions expressed as decimals. $V = \frac{1}{2} \pi r^2 h$ where r = length of the radius and h = height. This is a fantastic bundle that includes everything you need to know about the volume of Cylinders, Cones, and Spheres across 21 in-depth pages. These are ready-to-use worksheets aimed at students 10-12 years of age. Each ready to use worksheet collection includes 10 activities and an answer guide. Not quite right for your class? Don't worry! All our worksheets are completely editable so can be tailored for your curriculum and target audience. Resource Examples Click any of the example images below to view a larger version.
